2 · CERTIFICATION DOMAINS → MODULES COMPLETED

CERTIFICATION DOMAIN	IL-26 MODULES COMPLETED	MOCK-EXAM SCORE	PORTFOLIO EVIDENCE LINK
Google DA: Prepare / Process / Analyze (SQL)	M01, M08, M09		
PL-300: Prepare the data / Model the data	M02, M09, M12, M13		
Tableau: Explore & analyze / Calculations	M03, M10, M15, M31		
CompTIA Data+: Analysis / Governance & quality	M04, M10, M11, M17		
IBM: SQL / Python / Excel / Capstone	M05, M08, M09, M16, M22		
AWS topic map: Ingestion / Operations / Governance	M06, M13, M14, M17		
Databricks: SQL notebooks / Lakehouse	M07, M08, M12		
Palantir senior track: Adv. SQL / Python & probability / Ontology	M35, M36, M37		
BNY Mellon track: Banking domain / Reporting & controls	M38, M39		

Scores above are *practice/mock exam scores from independent coursework*. Full domain-by-domain coverage notes live in the course `crosswalk`; see `crosswalk-v2.json` for the three-column employer mapping.

3 · EMPLOYER-COMPETENCY EVIDENCE CHECKLIST

Analyst competencies (ontology/entity modeling · pipeline reliability · product sense · advanced SQL/Python · probability)

COMPETENCY	EVIDENCE ARTIFACT (FILL LINK)	DONE
Advanced SQL (CTEs, window frames, correct-first-time)		
Ontology/entity modeling + lineage		
Pipeline reliability (idempotent, tested ELT)		
Product sense (discovery brief, success metric)		
Probability puzzles & Fermi estimation		

Banking-analyst competencies (reconciliations · BCBS 239/CCAR-style reporting concepts · data-quality controls · financial BI · P&L attribution)

COMPETENCY	EVIDENCE ARTIFACT (FILL LINK)	DONE
Reconciliations (missing/mismatch/timing breaks)		
BCBS 239/CCAR-style reporting concepts		
Data-quality controls (four-eyes, sign-offs, lineage)		
Financial BI (certified datasets, audit-trail dashboards)		
P&L attribution (conceptual decomposition)

PROJECT 2 — TITLE & LINK

WHAT IT PROVES

Factual framing only. This document records independent coursework completion, practice-exam scores, and portfolio artifacts produced by the learner. It does not confer any professional certification; it is not issued, endorsed, or sponsored by Palantir, BNY Mellon, Google, Microsoft, Tableau, CompTIA, IBM, AWS, or Databricks; and it claims no affiliation with or endorsement by any employer. Public job postings referenced in `crosswalk-v2.json` were read from public job boards; requirements quoted there reflect the postings as found, not a guarantee of hiring criteria.
